can be kept within reason so that like they will not be too great menace to one game birds and poultry and furnish a valuable supply of fur. The trouble with October is that fur is usually well nigh worthless and the animals so easily killed.

—

A young friend of mine went into the fur buying business this winter as a sideline. So far he has paid out around three thousand dollars for fur, and made expenses and wages. He has sold fur skins in the following numbers: Foxes 62; minks 28; coons to 40, skunks over 1000; possums over 700; wild cats 7; muskrats over 100; weasels 60. There are four or five other buyers. Some of the trappers ship direct and the season is not yet over. So my guess that fur is annual cash crop of \$20,000 in Pocahontas County still stands.

SHEEP STOLEN

Every year we have a big bunch of sheep stolen and driven off. Last year we had two fine lambs stolen out of a lot by the road side; altogether last summer about 70 head missing. This fall we propose to pay the fellow's way to Moundsville to learn to plat brooms. We will give \$100 reward for evidence and conviction of anyone stealing our sheep. Our mark is 1-2 crop out of under side of right ear. They are also branded with the letter S but the letter is turned backwards.

Cross, Irritable Husbands Often Victims of Chronic Fatigue

MANY a wife thinks that because her husband is always cross and irritable, criticizing and complaining, that he does not love her any longer or that he is working too hard — when as a matter of fact the real cause of his "flare-ups" is — *chronic fatigue*.

Chronic fatigue is entirely different from the ordinary fatigue you feel after hard work. Chronic fatigue comes from *within*. Your nerves, organs, and muscles have become debilitated due to lack of sufficient organic iron in your blood.

To conquer chronic fatigue you must

strengthen your system by restoring this organic iron to your blood. But don't take the older mineral iron medicines which many doctors now say do little good. Take organic iron — Nuxated Iron — which is like the iron in your blood and like that in spinach and lentils. Unlike ordinary mineral iron, it will not injure the teeth or disturb the stomach, but is promptly assimilated.

Take Nuxated Iron for just two weeks and you'll be astonished how much stronger and better you feel. Money back if not improved. At all good druggists.
